

Highlights Of Accomplishment Report

CY 2018

Prepared by:
Corporate Planning and Management Staff

Table of Contents

TRAFFIC DISCIPLINE OFFICE	1
----------------------------------	-------	----------

TRAFFIC ENFORCEMENT

- Income from Traffic Fines
- Traffic Direction & Control; Metro Manila Traffic Ticketing System
- Top Violations
- 60-Kph Speed Limit Enforcement
- No-Contact Apprehension Policy
- Bus Management and Dispatch System
- South West Integrated Provincial Transport System (SWIPTS)
- Anti-Colorem and Out-of-Line Operations
- Enforcement of the Yellow Lane and Closed-Door Policy
- Anti-Illegal Parking Operations
- Anti-Jaywalking Operations
- Operation of the TVR Redemption Facility
- Road Emergency Operations (Emergency Response and Roadside Clearing)
- Unified Vehicular Volume Reduction Program (UVVRP)
- Towing and Impounding
- Personnel Inspection and Monitoring
- Other Traffic Management Measures implemented in 2016

TRAFFIC ENGINEERING

- Design and Construction of Pedestrian Footbridges
- Upgrading of Traffic Signal System
- Application of Thermoplastic and Traffic Cold Paint Pavement Markings
- Traffic Survey
- Metro Manila Accident Reporting and Analysis System (MMARAS)
- Roadside Operations
- Traffic Signal Operation and Maintenance
- Fabrication and Manufacturing/ Maintenance of Traffic Road Signs/ Facilities
- Other Special Projects

TRAFFIC EDUCATION

TRAFFIC DISCIPLINE OFFICE

The MMDA Traffic Discipline Office (TDO) implements the three components of traffic management in the metropolis - traffic enforcement, traffic engineering and traffic education.

It has a total manpower complement of 3,288 as of December 4, 2018, of which 2,242 are assigned in traffic enforcement; 364 in traffic engineering and 22 in traffic education, the latter being grouped under the TDO Administrative Division, which comprises 178 personnel.

TDO also has a 268-man support group composed of the Road Emergency Group and the Towing & Impounding Division. The rest are assigned in other MMDA offices, LGUs, and other government offices.

Under the traffic enforcement group are 21 sub-units consisting of the northern, southern, eastern and western traffic enforcement districts; central traffic enforcement districts 1 and 2; three (3) special traffic districts in C-5, EDSA and Commonwealth; the South-West Integrated Provincial Bus Terminal; Task Force Special Operations; Traffic Enforcement Reaction Team; Mobile Patrol Unit; Motorcycle Unit; and 8 other units tasked with anti-illegal parking, anti-jaywalking, bus management & dispatch system, no-contact apprehension, speeding enforcement, parking management, personnel inspection & monitoring, and bike lane program.

INCOME FROM TRAFFIC FINES

Comparative total revenues from traffic fines for the years 2018 and 2017 are as follows:

PROGRAM/PROJECT/ACTIVITY	2018	2017
INCOME FROM TRAFFIC FINES	P 158.514 M	P 126.267 M

For the year 2018, income from traffic fines increased by 25.538%, or P32.247M, attributed to an increase of 17.12% in traffic apprehensions from the previous year's record.

TRAFFIC ENFORCEMENT

TRAFFIC DIRECTION AND CONTROL; METRO MANILA TRAFFIC TICKETING SYSTEM

Since January 2012, the MMDA has been implementing the Uniform Ticketing System, which replaced the old Traffic Violation Receipt (TVR) with the Uniform Ordinance Violation Receipt (UOVR) by virtue of MMDA Resolution No. 12-02.

As of December 31, 2018, TDO deployed 2,242 Traffic Constables (TCs), of whom 896 were authorized to issue UOVR tickets. Total apprehensions throughout the four quarters of the year reached 478,354, or 299% of the annual target of 160,000, and 69,934 (17.12%) greater than the 2017 figure.

Table below compares 2018 apprehensions with 2018 target and 2017 figures:

PROGRAM/PROJECT/ACTIVITY	Target Output 2018	2018	2017
No. of Traffic Constables (TCs) deployed	-	2,242	2,205
No. of active UOVR holders	-	896	846
Total no. of apprehensions	40,000/qtr. 160,000/ yr.	478,354 (299%)	408,420

Top Violations

The TDO Traffic Ticket Management Division released the **Top Ten Common Violations** committed throughout 2018 as follows, with comparative data in 2017:

Rank	Violation	2018	2017	Rank
1	Disregarding Traffic Sign	107,719	91,843	1
2	Obstruction	99,340	73,082	2
3	Illegal Parking (not towed)	63,046	26,110	4
4	Unified Vehicle Volume Reduction Program (UVVRP)	32,113	30,474	3
5	Illegal Parking (towed)	22,591	19,126	5
6	Private Vehicle Using Yellow Lane	18,590	7,671	10
7	Stalled Vehicle	15,292	8,253	8
8	Bus/ PUJ Lane Ordinance	10,355	-	-
9	Truck Ban (as of Aug. 1, 2014) (MMDA Res. # 14-14 series of 2014)	10,156	9,604	7
10	Loading/ Unloading in Prohibited Zone (as of July 12, 2012) (MC 08-12)	9,384	-	-
	Loading/ Unloading in Prohibited Zone along EDSA	-	11,888	6
	Reckless Driving	-	7,754	9

The **Top Five Administrative Violations** in 2018, in comparison with 2017 data, are shown in the table below:

Rank	Violation	2018	2017	Rank
1	Colorum Operation (Passenger)	799	730	2
2	Out of Line Operation	481	989	1
3	Tampering of OR/ CR/ CPC & Other Documents	171	88	3
4	Colorum Operation (Cargo Vehicle)	94	83	4
5	Illegal Transfer of Plates/ Tags/ Stickers	20	38	5

Macapagal Ave.

60-KPH SPEED LIMIT ENFORCEMENT

This traffic measure started in January, 2011 along Commonwealth Ave. in QC (MMDA Regulation No. 11-001) and in June, 2011 along Macapagal Ave. in Pasay/ Parañaque (MMC Resolution No. 11-003) to help curtail the high incidence of road accidents in the

former and the rampant reports of illegal drag racing and reckless driving in the latter.

Commonwealth Ave.

However, personnel of TDO's Over Speeding Enforcement Group were augmented to the Non-Contact Apprehension Policy Office since November 20, 2017 due to the continued disrepair of OSEG's three speed guns - one has been awaiting funds for its calibration since August 30, 2017 while the other two are also awaiting funds for repair. Hence, no operations were conducted on the two avenues throughout 2018.

During 2017, a total of 6,411 apprehensions were made on both avenues – 3,277 at Commonwealth Ave. and 3,134 at Macapagal Ave.

No-Contact Apprehension Policy

The No-Contact Apprehension Policy Office (NCAPO) started re-operating on April 15, 2016 with the passage by the Metro Manila Council of MMDA Resolution No. 16-01 on February 16, 2016 re-implementing the no-contact apprehension scheme. For its 2018 annual accomplishment, the office

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
Capture of videos/ images of motor vehicle violators via CCTV and digital handy cameras	396,000	576,258 (145.51%)	125,398
Review/ verification of vehicle registered owners thru LTO-IQF and printing of Summons	198,000 downloaded & reviewed videos/ images with printed Summons	146,986 (74.23%)	71,852
Issuance of Summons	198,000	146,98 (74.23%)	-
Preparation and sending of printed Summons with attached UOVRs	118,800	142,172 (119.67%)	71,852
Handling of complaints and queries of transacting public/ clients	1,200	1,350 (112.5%)	-

Percentages shown indicate ratio of actual 2018 performance against 2018 targets set.

Bus Management & Dispatch System (BMDS)

BMDS is the scheme completed during the 1st quarter of 2012 where bus drivers were registered thru fingerprint scanners and dispatch is controlled in the 5 major terminals in Baclaran, Alabang, Fairview, Navotas, and Gen. Luis (Valenzuela City) and in 9 satellite stations to improve city bus operation particularly along EDSA. A total of 12,710 drivers have been enrolled in this project since 2012.

Following is a comparison of BMDS' accomplishments in 2017 and 2018:

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2017	2018	2017
Total Bus Trips recorded for the year	1,898,000/ yr.	1,856,964 (97.84%)	2,082,390
Average Bus Trips recorded per day	5,200 daily average	5,090 (97.88%)	5,702
Drivers registered thru fingerprint scanners	150/ qtr 600/ yr.	1,326 (221%)	1,167

SOUTHWEST INTEGRATED PROVINCIAL TRANSPORT SYSTEM (SWIPTS)

The MMDA launched SWIPTS Terminal at Coastal Mallon August 6, 2013 to serve as a temporary terminal for provincial buses coming from and going to Cavite and Batangas until a permanent South-West Integrated Transport System is in place.

With the opening of the Paranaque Integrated Terminal Exchange (PITX) by the Department of Transportation in November 2018, SWIPTS was eventually closed down on January 24, 2019. Its 65 personnel were returned to their mother units and/ or transferred to other offices.

From its August, 2013 opening to December, 2017, SWIPTS Terminal logged a total of 760,359 bus trips. For its final year of operation, it reported the following, with comparative data in the previous year:

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
No. of bus trips recorded/ dispatched	55,800/ yr. 4,650/ mo.	48,328 (86.61%)	72,552

The percentage indicated above is the ratio of the 2018 actual number of bus trips dispatched against the target output set for the year.

ANTI-COLORUM & OUT-OF-LINE OPERATIONS

Colorum public utility vehicles or those without LTRFB franchise, and PUVs operating outside of their authorized routes contribute to traffic congestion and unduly compete with legal operators in the transport business.

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
Anti-Colorum	100% apprehension of such vehicles	818	385
Out-of-Line		835	399

ENFORCEMENT OF THE YELLOW LANE RULE & CLOSED-DOOR POLICY

Yellow Lane (designated bus and PUJ lanes) Rule and Closed-Door Policy are strictly implemented along EDSA to help

improve traffic flow, decrease travel time and promote safety along this major thoroughfare. Apprehensions are done by traffic constables assigned in major roads.

The following table shows comparison of 2017 and 2018 apprehensions on the above violations and percentages of accomplishment against 2018 indicated targets:

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
Yellow Lane Rule	7,200/ qtr./ 28,800/ yr.	31,131 (108%)	17,706
Closed-Door Policy	630/ qtr. 2,520/ yr.	3,021 (119.88%)	6,583

Anti-Illegal Parking Operations

The OAGMO-Task Force Special Operations (TFSO) absorbed the Anti-Illegal Parking Operations (AIPO) unit by virtue of OAGMO Office Order No. 078 dated July 30, 2018. With this development, TSFO took control of the agency's drive against illegal parking and road obstructions.

TSFO reported the following accomplishments for 2018, with comparative figures in 2017:

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
Total no. of apprehension	620 towed vehicles /qtr. 2,480/ yr.	5,280 Towed vehicles (unattended) (212.9%)	5,940 Towed vehicles (unattended)
	3,100 apprehensions /qtr. 12,400/ yr.	8,322 Issued UOVR tickets (illegal parking) (67.11%)	20,380 Issued OUVR tick- ets (illegal parking)
		Total – 13,602	Total – 26,320

ANTI-JAYWALKING OPERATIONS

For 2018, nineteen (19) ticketholders of the TDO Anti-Jaywalking Unit (AJU) conducted periodic operations along EDSA-Quezon Ave., EDSA-Taft Ave. (Pasay City), EDSA-Ortigas, EDSA-Ayala,

and along EDSA itself, which resulted in the following:

VIOLATORS RENDERED COMMUNITY SERVICE

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
Settled/ Paid fine	1,400/ qtr. 5,600/ yr.	43,664	20,238
Unsettled		8,901	3,609
Rendered community service		562	219
Total		53,127 (948%)	24,066

Operation of the Traffic Ticket Redemption Facility

The TDO Traffic Ticket Redemption Facility at the MMDA Annex Bldg. had a total manpower complement of 90 personnel as of December, 2018. It operates from 8 am-5 pm, Mondays thru Saturdays.

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
Traffic clearance applications processed	10,890/ qtr. 43,560/ yr.	81,578 (187.27%)	78,566
Traffic clearances released	-	79,909 (97.95% of processed)	76,462
Applications processed for release of impounded vehicles	100/ qtr. 400/ yr.	2,815 (703%)	1,602
Impounded vehicles released	-	2,784 (98.89% of processed)	1,563
Payments downloaded from bank and uploaded to MRRES database	15,000/ qtr. 60,000/ yr	207,104 (345%)	129,158
Confiscated drivers licenses/ license plates received/ processed	1,075 / qtr./	3,739 (86.95%)	4,035
Confiscated drivers licenses/ license plates released	4,300/ yr.	2,641 (70.63% of processed)	3,432

ROAD EMERGENCY OPERATIONS (EMERGENCY RESPONSE AND ROADSIDE CLEARING)

Throughout 2018, four groups of the TDO Road Emergency Group (REG) consisting of medical and rescue personnel rotated and operated round the clock with the aid of 7

ambulances, 1 rescue van, 6 tow trucks, hand

-held radios, and 121 heavy equipment operators to respond to emergencies along EDSA and other major thoroughfares in the metropolis. Seven (7) emergency stations are maintained at Orense, Ortigas, C-5/ Libis, Roxas Blvd., Nagtahan, Timog and Commonwealth Ave.

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
No. of accident areas T/ cleared within the 15 mins. maximum allotted time	1,080 road emergencies cleared within 15 mins.	2,110/ 2,016 (187%)	2,003/ 1,747
Cleared beyond the 15 mins		94	256
No. of stalled vehicles towed or assisted/ cleared within the 15 mins maximum allotted time	720 stalled vehicles and accident-related obstructions cleared within 15 mins.	1,132/ 1,044 (145%)	1,333/ 1,033
Cleared beyond the 15 mins.		88	300
No. of accident victims assisted/ endorsed to hospitals for further treatment	-	2,618/ 1,723	2,524/ 1,666
No. of walk-in patients assisted/ given first-aid treatment	-	211	215
No. of patients provided with ambulance conduction	-	117	122

TDO-REG also accomplished the following additional activities in 2018:

1. Provided assistance to 240 MMDA employees;
2. Conducted oil-spill cleansing operations in 86 areas within MM;
3. Conducted/ assisted in 20 tree-cutting operations as requested/ needed;
4. Realigned/ maintained dislocated concrete/ plastic barriers and see-thru fences in 89 locations within MM;
5. Provided assistance to 63 MMDA stalled vehicle incidents;
6. Provided assistance in 151 other related operations by dispatching REG personnel and service vehicles (tow truck, ambulance, boom truck, fire truck, military truck) as needed.

MMFF PARADE'S FINAL MEETING AT MAYORS OFFICE, PARANAQUE CITY HALL

"MAYON MERCY MISSION"

Continuing Implementation of the Unified Vehicular Volume Reduction Program (UVVRP)

This scheme bans public and private motor vehicles (except tricycles and motorcycles), whose plates end in 1 and 2, on MM national, city and municipal roads on Mondays from **7AM-8 PM***, except on Saturdays, Sundays and official public holidays. Those whose plates end in 3 and 4 are banned on Tuesdays; 5 and 6 on Wednesdays; 7 and 8 on Thursdays; and 9 and 0 on Fridays.

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Unified Vehicular Volume Reduction Program (UVVRP)	32,113	53,413

*MMDA Resolution No. 16-12-A, s. 2016 extended the effective ban hours of UVVRP from **7AM-7PM** to **7AM-8PM**.

Towing and Impounding

Illegally parked, out-of-line and colorum vehicles are subject to towing and impounding. Towed and impounded vehicles are brought and stored in the Tumana Impounding Area in Marikina City until redeemed by owners.

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
Impounded	100% of stalled vehicles	27,417	28,761
Released		20,041	25,299

PERSONNEL INSPECTION AND MONITORING

Thirty-five (35) members of the TDO Personnel Inspection & Monitoring Group (PIMG) inspected and monitored 2,242 field personnel and the different Traffic Enforcement Districts during 2018.

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
Inspection & Monitoring of Field Personnel & Traffic Enforcement Districts (TEDs)	Field personnel inspected and monitored 100%	2,242 (100%)	100%
Deficiency Report Slips issued	400/ qtr. 1,600/ yr.	3,726 (232.87%)	3,113

Other Traffic Improvement-Related Measures Implemented in 2018

Alignment of 3 TDO Units

By virtue of MMDA Memorandum Circular No. 5 dated **April 30, 2018**, the programs and activities of the Traffic Education Division (TED), Institute of Traffic Management (ITM), and the Children's Road Safety Park (CRSP) were aligned to streamline education and training services in the field of traffic management and enforcement, with the Office of the Assistant General Manager for Operations (OAGMO) as Overall Head and the TED Head having direct supervision over the three units.

Regulating Provincial Buses along EDSA

To further reduce traffic congestion along EDSA, the Metro Manila Council approved **MMDA Regulation No. 18-004** on **June 21, 2018** prohibiting the use of this major thoroughfare by provincial buses, from Pasay City to Cubao, QC, northbound and southbound, **from 5 AM-10 AM and from 4 PM-9 PM, Mondays thru Fridays**.

The above ruling was amended with the approval of MMDA Regulation No. 18-004-A on July 4, 2018, reducing the duration of its effectivity by two hours in the morning and two hours in the evening, or **from 7 AM-10 AM and from 6 PM-9PM**.

The regulation imposes a fine of P2,000.- on violators.

Establishing Truck Lanes along C-2

To replicate the noted success of truck lanes set up along C-5, Roxas Blvd., R-10, and Congressional/ Mindanao Aves. in QC, the Metro Manila Council approved **MMDA Regulation No. 18-003** on **June 21, 2018** establishing truck lanes also along C-2, from Andalucia to Nagtahan and vice versa, where more than 9,000 trucks pass through daily.

The regulation designated the third lane from the sidewalk as Truck Lane in said area, except at Lacson/ Magsaysay/ Nagtahan Flyover where the Truck Lane shall be the second lane from the median island.

Amendments to “Light Trucks” Ban

The Metro Manila Council passed MMDA Regulation No. 17-001 on March 7, 2017 establishing a uniform ban on “light trucks”, or motor vehicles with a gross capacity weight of 4,500 kg. or below.

The regulation prohibits all “light trucks”, commercial or otherwise, from plying EDSA and Shaw Blvd. (Mandaluyong and Pasig Cities) from 6 AM-10 AM and from 5 PM-10 PM, Mondays thru Saturdays.

With the approval of **MMDA Regulation No. 18-002** on **March 22, 2018**, the above regulation was amended to include in the coverage “light trucks” having six (6) or more tires, with enclosed or open payload area, and prohibition to ply EDSA from Magallanes, Makati City to North Ave., QC, northbound and southbound, from 5AM to 9PM Mondays thru Saturdays.

Increase in the UVVRP Exemption Fee

The Metro Manila Council, composed of the 17 mayors of Metro Manila, deemed it fit to increase the fee for private vehicle owners seeking exemption from the Unified Vehicular Volume Reduction Program (UVVRP) to effectively regulate the filing of exemptions.

Thus, they passed **MMDA Regulation No. 18-006** on **August 7, 2018** increasing the exemption fee from P300.00 to P1,000.00.

Increase in the Fines for Yellow Lane Violation

MMDA Memorandum Circular No. 8, series of 2012 prescribed a fine of P200.- for public utility vehicle drivers and P500.- for private vehicle drivers for violation of the Yellow (bus and PUJ) Lane rule being implemented along EDSA.

With the approval of **MMDA Regulation No. 18-007** on **November 22, 2018**, both of the above fines were increased to P1,000.- per offense to serve as deterrent to wayward motorists.

TDO records of apprehensions show a 76% increase in Yellow Lane violations, from 17,706 in 2017 to 31,131 in 2018.

Motorcycle Lanes in 4 Additional Locations

With the noted success of the non-exclusive motorcycle lanes established by the MMDA along EDSA, Macapagal Blvd., Commonwealth Ave. and C-5, the agency has found it necessary to also set up motorcycle lanes in the following additional areas due to the big volume of motorcycles traversing them:

Location	Designated Motorcycle Lane
Marcos Highway (from Katipunan Ave. to Sumulong Highway and vice versa)	Third lane from the sidewalk
Roxas Blvd. (from NAIA Road/ MIA Road to Anda Circle and vice versa)	Southbound- first lane from the sidewalk Northbound- first lane from the sidewalk except from NAIA Road/ MIA Road to Airport Road (fifth lane from the median island) and from Ortigas St. to EDSA (second lane from the sidewalk)
Elliptical Road to Quiapo (Quezon Ave./ España/ Lerma/ Quezon Blvd. and vice versa)	Second lane from the sidewalk except Quezon Blvd. westbound from Lerma to approach of Quezon Blvd. bridge (second lane from the median island) and eastbound from Quiapo to Lerma (third lane from the median island)
Mindanao Ave. (from North Ave. to NLEX Segment 8.1 and vice versa)	First lane from the sidewalk

The above is pursuant to **MMDA Regulation No. 18-001** passed by the Metro Manila Council on **March 22, 2018**.

Increase in the Fines for Illegal Parking and Obstruction

Obstruction and illegal parking rank consistently high in the TDO's yearly list of top ten common traffic violations. The present low rate of fines for the above violations has also been seen as no longer effective in deterring commission of the said violations. Hence, by virtue of **MMDA Regulation No. 18-008** approved on **December 7, 2018**, the fines were increased as follows:

	<u>Old Rate</u>	<u>New Rate</u>
Illegal parking (attended/ not towed)	P 200.-	P1,000.-
Illegal parking (unattended/ towed)	P 500.-	P2,000.-
Obstruction on public roads	P 150.-	P1,000.-

Establishment of the Expanded High Occupancy Vehicle (HOV) Lanes along EDSA

MMDA Regulation No. 17-004, approved on December 5, 2017, established the innermost lanes along EDSA Northbound and Southbound as HOV Lanes to maximize the number of passengers that may be conveyed thru the said major thoroughfare.

As defined in the Regulation, a High Occupancy Vehicle is a public motor vehicle (except PUB and PUJ) and a private motor vehicle (except private bus, tricycle and motorcycle) with at least two (2) occupants including the driver, i.e., driver and at least one (1) passenger.

Only HOVs can use the HOV Lanes. Non-HOV drivers who will use the HOV Lanes will be meted with applicable fines and penalties for “Disregarding Traffic Sign” and “Reckless Driving”.

With the approval of **MMDA Regulation No. 18-005** on **August 7, 2018** by a majority of the Metro Manila mayors, MMDA Reg. No. 17-004 was amended to include all lanes of EDSA as HOV Lanes, from Balintawak, QC to Magallanes, Makati City, northbound and southbound.

MMDA Regulation No. 18-005 prohibits non-HOVs from traversing EDSA, from Balintawak, QC to Magallanes, Makati City, NB and SB, from 7 AM-10 AM and from 6 PM-9 PM, Mondays thru Fridays. Crossing of EDSA at intersections is allowed. A fine of P1,000.00 is imposed on violators.

TRAFFIC ENGINEERING

DESIGN AND CONSTRUCTION OF PEDESTRIAN FOOTBRIDGES (INCLUDING SOLAR-POWER LIGHTINGS)

As of December 2018, the MMDA, thru its TDO-Traffic Engineering Center (TEC), has built a total of 112 footbridges in strategic locations throughout Metro Manila that provide safe walkways for some 3.063million pedestrians daily and promote faster traffic flow.

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
No. of footbridges completed	4 -along Katipunan Ave., Rajah Matanda, QC -along C5-Waterfun near Heritage Park -along EDSA-NIA Road, QC -along C5-McKinley Hills, Taguig City	5 -across Katipunan Ave. (C-5) cor. Boni Serrano, QC; -along East Ave. cor. V. Luna near LRA and NSO, QC; -along Timog Ave. cor. EDSA, QC; -East Ave.-SSS footbridge transferred to East Ave.-Mayaman St., fronting NKTi, QC; -footbridge extension at South Super Highway, Gate 3, Nichols, Taguig
No. of footbridges under construction	4 -along Mindanao Ave.-Congressional Ave., QC (93% done) -along Ortigas Ave.-Meralco Gate 2, Pasig City (40%) -along Shaw Blvd.-Sheridan St., Pasig City (24% done but construction on-hold due to Pasig and Mandaluyong Cities' intervention) -along Aurora Blvd. in front of Robinsons Magnolia, QC (67% done but construction on-hold due to complaint of adjacent lot owner)	2 -along Aurora Blvd. in front of TIP School, QC (35%); -along Katipunan Ave., Rajah Matanda, QC (2.50%)
No. of footbridges rehabilitated (roofing structures installed) under Adopt-a-Footbridge project	6 -along Monte de Piedad, QC-100% done -along EDSA-Estrella, Makati City-100% -along EDSA-Evangelista-100% -along EDSA-MCU, Caloocan City-100% -along EDSA-Ortigas, Pasig City-100% -along EDSA-Taft, Pasay City (85%)	4 -EDSA-Quezon Ave. footbridge -Timog-West Ave. footbridge -Quezon Ave.-Sct. Borromeo footbridge -EDSA-Aurora/ Cubao footbridge

UPGRADING OF TRAFFIC SIGNAL SYSTEM

Phase II of the IT-based Traffic Signal System project launched in January, 2014 was completed 100% during the 1st Quarter of 2018 while Phase III was 76.40% done as of the 4th Quarter.

These by-contract projects being supervised by the Traffic Engineering Center (TEC) involve the upgrading of 161 signalized intersections for Phase II and 155 signalized intersections for Phase III.

Traffic Signalization System involving the installation of 50 new warranted intersections (Phase IV) including geometric improvement is ongoing at 40.20% as of 4th Quarter 2018.

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Civil works finished	15	20
Civil works ongoing	2	4
Painting works done	1	3

In-house projects/ activities completed in 2018 include the following:

- Road widening at EDSA corner Poveda St., Mandaluyong City
- Construction of curb cut-off of loading and unloading bay at EDSA, Robinsons Galleria NB, Pasig City
- Construction of ramp for PWD at Ilang-Ilang, QC
- Removal of obstruction along sidewalk at 2nd Ave., Camp Crame, QC
- Patching of potholes along Roxas Blvd. Service Road from EDSA to Buendia, Pasay City
- Patching of potholes at HK Plaza, SWIPTS Terminal, Pasay City
- Repair/ rehab of sidewalk for bike lane at Intramuros, Manila
- Removal of flower garden along Roxas Blvd. service road beside US Embassy
- Painting of logo and lane lines for Commonwealth Ave. and White Plains Bike Lanes
- Expansion of MMDA Impounding Area, Tumana,, Marikina City
- Rehabilitation of 5 MMDA satellite offices – SSTZ2, ETED, CTDO,STT2 and CSTD
- Construction of fence under EDSA-Ortigas flyover (Phase I)
- Various works at SWIPTS staging area, Pasay City
- Rehabilitation of comfort room at TEC office
- Hauling of debris of demolished stalls at C5 Waterfun, Taguig City
- Renovation of TDO satellite office at Pililia St., Makati City

Ongoing are the construction of 151 pcs. concrete barriers at 108 Base, Pasig City and renovation of the TDO satellite office at 200 Base, Ultra II, Impounding Area, Pasig City (25% done).

APPLICATION OF THERMOPLASTIC PAINT ON PAVEMENT MARKINGS

Thermoplastic pavement markings were applied within Metro Manila for 2018 compared to that of 2017.

PROGRAM/ PROJECT/ ACTIVITY	2018			2017		
	Locations	Sq. M.	L. M.	Locations	Sq.M.	L.M.
In-house Implementation	237	10,811.52	-	230	7,338.20	-

The areas applied with reflectorized thermoplastic pavement markings increased by 47.33% in 2018.

- In addition, reflectorized thermoplastic pavement markings were applied by contract for the proposed Truck Lanes in the following areas:
- along C-5 from SSH to Bagong Ilog and vice-versa
- along C-5 from Libis flyover to approach of Luzon Ave./Commonwealth flyover and vice-versa

And for the proposed Motorcycle Lanes in the following areas:

- from Elliptical Road to Quiapo (Quezon Ave., Espana, Lerma, and Quezon Blvd.) and vice-versa
- along Marcos Highway from Katipunan Ave. to Sumulong Highway and vice-versa
- along Roxas Blvd. from NAIA Road (MIA Road to Anda Circle) and vice-versa.

Traffic Survey

TEC conducted 72 travel speed surveys in 7 major thoroughfares in Metro Manila during the four quarters of 2018, netting an average travel speed of 24.37 km. per hour. This translates to a 100.16% accomplishment against a target travel speed of 24.33 kph.

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
Ave. travel speed	24.33 kph	24.37 kp (100.16%)	25.91kph
No. of thoroughfares surveyed	7 major roads	7	7

TEC also conducted Traffic Movement Count surveys in 365 locations and Pedestrian Count surveys in 36 locations throughout 2018.

MM Accident Reporting & Analysis System (MMARAS)

Initiated in 2005, this project was created by the TDO-TEC Road Safety Unit (RSU) to establish a database of road accidents for the identification of areas where safety improvements need to be made and corrective measures can be developed. It is managed by the RSU in cooperation with the Police Traffic Investigation Department of the PNP. Eight (8) RSU researchers gather data from 26 police precincts in Metro Manila.

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
Total Accidents reported	-	116,906	110,025
Gathered data	72,000	119,108 (165.42%)	117,432

Of the 116,906 total number of accidents reported, 98,632 were damage-to-property cases; 17,891 were non-fatal injuries, and 383 were fatal.

Quezon City had the highest number of road accidents at 38,967 or 33.33% of the total, followed by Manila at 11,448 and Makati at 11,382. The presence of major road networks, Central Business Districts, and high social/ economic activity account for the high incidence of road accidents in these cities.

Per TEC-RSU statistics, the months of October and December 2018, the time period between 11:00 to 11:59 AM, and the age bracket 18-34 years old registered the highest number of road crashes.

Total number of vehicles that figured in the 2018 accidents reached 225,797, of which no.1 were cars at 117,225 or 51.91%; followed by motorcycles at 29,261 or 12.95%; and vans at 22,954 or 10.16%.

The hit-pedestrian collision type had the highest number of fatal cases at 141, or 36.81% of the total fatalities.

The stretch of Timog Ave. to Kamias Road emerged as the most accident-prone area along EDSA. Along C-5, the most accident-prone area was SM Aura-Market Market, and at Commonwealth Ave., it was Tandang Sora Ave.

Among the 16 major roads of Metro Manila, EDSA has the highest number of road crash cases throughout 2018, followed by C-5 and Commonwealth Ave. These three are also the top major roads with the highest number of road accidents within the 8-year period from 2010-2017.

Roadside Operations

TEC-RSU also accomplished the following in 2018, with comparative figure in 2017:

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
No. of installed/ restored traffic-obstructing facilities and signages along MM major roads; concrete barriers repaired/ repainted	48,000	98,722 (205.67%)	49,433

MORCILLA/ALMEDA - PATEROS

TRAFFIC SIGNAL OPERATION & MAINTENANCE

Throughout 2018, following are the highlights of accomplishments for traffic signal operation and maintenance of signalized intersections, with comparative data in 2017:

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	No. of Intersections/ Locations	
		2018	2017
Adjustment of timing parameter & observation of traffic signal lights	As needed	305	730
Repair of defective local controller & re-setting of logic system			
Replacement of modules			
Check & repair of defective high mast & streetlights	As needed	221	104
Replacement of defective/ damaged/ missing parts of high mast and streetlights			
Check and repair of traffic signal facilities; replacement of defective/ damaged/ missing traffic signal facilities		663	-
Trimmed trees covering traffic signal references	As needed	55	50

Fabrication & Manufacturing/ Maintenance of Traffic Road Signs/ Facilities

Following is a comparative chart of 2018 and 2017 accomplishments of the TEC Traffic Engineering Division (TED) on their production and maintenance of traffic road signs and other traffic facilities:

	Target Output 2018	2018	2017
Fabricated/ Manufactured/ Printed	16,000	12,055 (75.34%)	24,935
Installed	7,000	7,941 (113.44%)	8,462
Cleaned Repaired/ Re-aligned Removed Painted/ Re-painted)	20,000	20,984 (104.92%)	26,912

TRAFFIC EDUCATION

The TDO Traffic Education Division (TED) reported the following accomplishments for 2018, with comparative figures in 2017:

MMDA Traffic Academy

Type of Seminar	Target Output 2018	No. of Participants	
		2018	2017
Seminar for Drivers	Drivers observe safe driving practices and become disciplined road users	632 seminars/10,140 participants	615 seminars/ 10,395 participants
Seminar for Traffic Constables/Auxiliary	Traffic management knowledge updated and instilled in enforcement personnel for effective enforcement of traffic rules	65 seminars/1,503 participants	23 seminars/ 458 participants
Other Seminars Conducted (for MMDA deputized agents and TEs outside MM)	Traffic management knowledge updated and instilled in enforcement personnel for effective enforcement of traffic rules	102 seminars/ 2,808 participants	6 seminars/ 211 participants
Participation in conference/networking meeting	Participation in Road Safety Leadership Course evaluation for adoption in the Philippine setting	5 seminars/ 873 participants	-

TED conducts its traffic seminars at the MMDA Traffic Academy in Sta. Mesa, Manila. It has run the Academy since the latter's creation in April, 2004 by virtue of MMDA Resolution No. 04-07 to professionalize traffic management and enforcement in the metropolis.

INSTITUTE OF TRAFFIC MANAGEMENT

To streamline education and training services on traffic management and enforcement, the programs and activities of ITM, including those of the Children's Road Safety Park, were aligned with those of the Traffic Education Division on the strength of **MMDA Memo Circular No. 5** dated **April 30, 2018**, with TED having direct supervision over them.

ITM no longer submitted Accomplishment Reports throughout 2018. For the year 2017, the unit reported its completion of 13 traffic management courses/ modules.

OTHER TRAFFIC IMPROVEMENT-RELATED/ SPECIAL PROJECTS/ ACTIVITIES

Implementation of Mabuhay Lanes

Christmas Lanes or the so-called Mabuhay Lanes continued to be implemented during Christmas Season 2018 to provide motorists and private vehicles with alternate traffic routes and help prevent the usual traffic bottlenecks in the vicinity of shopping malls along EDSA.

Oplan Kaluluwa (All Saints Day Operation)

Morning and afternoon teams from the various units of TDO were deployed to assist their local counterparts in the management of traffic in the vicinity of major cemeteries from October 30-November 2, 2018.

	2018	2017
Total No. of Personnel Deployed	1,637	1,380*

*includes 48 personnel of MMDA Metrobase and 100 volunteers.

METROBASE

Metrobase is the MMDA's 24-hour communications, monitoring and information unit. It is manned by 128 personnel (as of December 31, 2018) rotating in three (3) shifts.

This unit refers the calls that it receives daily from Metrocall 136's five hotlines, 1 trunkline and 1 direct line for appropriate action of concerned parties.

It also manages and maintains the agency's Road Safety Surveillance Cameras, telecom equipment repeater systems, servers, Wireless Communication System WIMAX base stations, and mobile base units.

Metrobase also installs radio communication, cameras and operation centers to assist in traffic management and crowd control efforts during major special events within NCR.

Table below shows comparison of the unit's accomplishments in 2017 and 2018 and 2018 percentages of accomplishment against indicated performance targets:

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
No. of calls received/ coordinated with concerned parties in the handling of Metrocall 136 five (5) hotlines, 1 trunkline and 1 direct line	6,000/ mo. 72,000/ yr.	95,139 (132%)	101,755
No. of stalled vehicle incidents monitored and given assistance	350/ mo. 4,200/ yr.	5,425 (129%)	6,249
No. of traffic accidents monitored and given assistance	900/ mo. 10,800/ yr.	17,109 (158%)	19,388
No. of operational Road Safety Surveillance Cameras managed and maintained	-	283	283
No. of operational repeater systems (of the agency's telecommunications equipment) managed and maintained	-	4	4

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	2017
No. of operational repeater systems (of the agency's telecommunications equipment) managed and maintained	-	4	4
No. of WIMAX base stations (of the agency's Wireless Communication System) maintained	-	12	12
No. of servers managed and maintained	-	17	17
No. of mobile base units managed and maintained	-	1	1
No. of special events during which radio communication, cameras and operation centers were installed	-	9 (Feast of Black Nazarene, ADB Annual Governors Meeting, Federation Internationale de Automobile Sports Conference, China-ASEAN Forum, Generation Festival, Tourism Board Prefect China Co Incentive Tours, President's SONA, Chinese President State Visit, and MMFF Parade of Stars)	4 (ASEAN Summit, Feast of the Black Nazarene, MM Shake Drill, & President's State of the Nation Address)

FLOOD CONTROL AND SEWERAGE MANAGEMENT OFFICE

The **FCSMO** was created pursuant to the provisions of Republic Act No. 7924 which provides that the scope of MMDA services includes the formulation and implementation of policies, standards, programs and projects for an integrated flood control, drainage and sewerage system. The four (4) major Divisions of FCSMO and corresponding responsibilities are as follows:

1. **Plans, Design, and Project Monitoring Division** which is responsible for the preparation of yearly budget of the flood control, survey and investigation, design drafting and estimation of the project, submission of Approved Budget of Contract, monitoring of on- going project implemented by this office, and submission of monthly, quarterly, semi-annually, and yearly report to Department of Budget and other concerned agencies.
2. **Operation and Maintenance Division 1 (Pumping Stations and Floodgates Operation)** which is responsible for operation & maintenance of twenty eight (28) large pumping stations, fifteen (15) small pumping stations, fifteen (15) relief pumping stations and floodgates.
3. **Operation and Maintenance Division 2 (11 Flood Control Operation Districts)** which is responsible for the improvement, operation & maintenance of waterways, esteros, drainage laterals, and drainage interceptors.
4. **Equipment Management Division** which is responsible for the repair of equipment used by the office at Napindan Equipment Yard. The division also coordinates with the district operations engineers the required equipment to be used in their project and prepares the necessary program for the following: repair and maintenance of equipment; training/ seminar of mechanics and operator of heavy equipment and submission of reports regarding accomplishment of repair and equipment operation.

Under the CY 2018 GAA, projects were programmed and funded under the Capital Outlays Allocation for Flood Control. These projects involve the construction of new improvement/ upgrading of drainage and flood control structures and waterways as a measure to mitigate flooding in perennially flooded areas of the metropolis where the existing flood control structures are no longer adequate to serve their respective drainage areas. The construction/ improvement of drainage as well as improvement of waterways is in response to the prevailing climate change phenomenon wherein the amount of surface runoff have increased due to higher rainfall intensities and the volume of flood water could no longer be accommodated by our existing flood control structures and waterways.

**DE-SILTING OF SUMP PITS AT
LABASAN PUMPING STATION**

**HAULING OF GARBAGE AT VITAS
PUMPING STATION**

**CONSTRUCTION/INSTALLATION OF
PERIMETER FENCE**

**REPAINTING OF FLOODGATES
ALONG NAPIDAN RIVER**

Completed projects for CY 2018 are as follows:

Program/ Projects/ Activities	Location
<ul style="list-style-type: none"> Drainage improvement/ declogging along Rizal Ave. (from R. Papa to Blumentritt St., Sta. Cruz, District II Drainage improvement/ declogging along Mayhaligue St., A. Rivera, Bambang St., Quiricada St. & vicinity, Tondo, District II Improvement/ maintenance along Fugoso Drainage Main, Sta. Cruz, District III Rehabilitation/ maintenance of drainage lined canal along Augusto Franco St. & vicinity, District V Rehabilitation/ improvement and maintenance of drainage system along San Marcelino St. & vicinity, District V Drainage improvement & rehabilitation of drainage system, Zone 100 & vicinity, Punta, Sta. Ana, District VI 	Manila

Program/ Projects/ Activities	Location
<ul style="list-style-type: none"> Improvement of Mariblo Creek & vicinity, District I Drainage improvement along Kanlaon St. & vicinity, Brgy. Lourdes, District I Drainage improvement along Laguna St. & vicinity, District I Drainage improvement along Capas Road & vicinity, Brgy. <ul style="list-style-type: none"> Drainage improvement at Brgy. Batis Drainage improvement at Brgy. Tibagan Drainage improvement at Brgy. Salapan Rehabilitation of Salapan Creek 	San Juan City
<ul style="list-style-type: none"> Rehabilitation of Maytunas Creek Drainage improvement at Brgy. Bagong Silang Drainage improvement at Daang Bakal Drainage improvement at Brgy. Addition Hills 	Mandaluyong City

The office also undertook year-round/ continuous cleaning and maintenance of existing flood control structures and facilities utilizing MMDA-owned equipment and personnel to maintain their efficiency and designed capacity. These activities include, but not limited to the following:

PROGRAM/ PROJECT/ ACTIVITY	Target Output 2018	2018	% Accomplished	2017
Declogging of Drainage Laterals	67,490	58,844	87%	65,369
Dredging/ Deepening of Open Waterways	14,550	14,842	102%	14,452
Desilting of Drainage Mains	430,338	565,915	132%	463,933

The office has also fabricated and installed, as the need arises, the following for CY 2018:

	2018	2017
Manhole covers	147	216
Steel gratings	107	161

The Equipment Management Division of FCSMO is responsible for the mobilization, repairs/ maintenance and operations (including declogging, dewatering, clean-up, community service, special and emergency operations, Estero Blitz, etc.) of various kinds of light and heavy equipment used by FCSMO.

The operation and maintenance of 58 Pumping Stations and the Effective Flood Control Operation System (EFCOS) were likewise routinely undertaken to ensure that these facilities are operating at their optimum capacity especially during heavy rains. The table below shows the amount of floodwater that were pumped out and total cubic meters of garbage that were retrieved and disposed.

	Target Output 2018	2018	% Accomplished	2017
Floodwater Pumped Out (cu. m.)	516.21 M	385,080,690	77%	313,609,080.72
Garbage Collected (cu. m.)	13,200	11,506	87%	7,887.11

SOLID WASTE MANAGEMENT OFFICE

The **SWMO** was created pursuant to the provisions of Republic Act No. 7924 which provides that the scope of MMDA services include solid waste disposal and management which involves formulation and implementation of policies, standards, programs and projects for proper sanitary waste disposal. It shall likewise include the establishment and operation of sanitary landfill and related facilities and the implementation of other alternative programs intended to reduce, reuse and recycle solid waste. The six (6) Divisions under SWMO and corresponding functions are as follows:

1. **Plans & Program Division** which conducts studies & researches on SWM, prepares project documents in establishing waste disposals & other SW facilities, represents SWMO in meetings/ workshops/ seminars, participates in Special Projects, Fora, capacity building activities as a resource person and reviews proposals on Waste to Energy.
2. **Project Monitoring & Assessment Division** which collects/ collates/ analyzes operational data and monitors/ evaluates the implementation of ongoing SWM projects.
3. **Site Operations & Management Division I, II, III & IV** which prepares reports & communications concerning the disposal unit, facilitates proper accreditation of collection vehicles, processes permit to dump and processes waste disposal operators' billing/ vouchers.

Garbage trucks on queue at the Rizal Provincial Sanitary Lanfill

SOLID WASTE DISPOSAL ACTIVITIES

As a regular activity, the office documents the volume of wastes received at three (3) disposal facilities namely the Rizal Provincial Sanitary Landfill, Navotas SLF and New San Mateo SLF. For CY 2018, the total actual volume of garbage/ waste disposed was 12,125,081.71 cubic meters. With a target of 11,252,512 cubic meters for the year, SWMO accomplished 108% of the set target. The chart below shows the comparison against the previous semester's accomplishment:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Actual Volume of Garbage/ Waste Disposed (cu. m.)	12,125,081.71	10,731,126.57

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Breakdown per Sanitary Landfill (in cu. m.)		
Rizal Provincial SLF	5,849,711.81	6,299,819.75
Navotas SLF	3,563,192.10	3,021,954.82
New San Mateo SLF	2,712,177.80	-
Quezon City SLF	-	1,409,352

Note: Quezon City Sanitary Landfill was closed on August 4, 2017.

CY 2018 Percentage Share per SLF

The office also evaluates the remaining capacities of these disposal sites in which RPSLF (42.97 Million cu. m.) has a lifespan of 16 years and 10 months, NVSLF (13.76 Million cu. m.) has 5 years & 1 month lifespan and NSMSLF (14.38 Million cu. m.) has 4 years & 4 months lifespan capacity. The office also reviews and evaluates the claims (67 claims) for payment of the disposal fees in these SLFs and the total volume of wastes processed for payment of tipping fees is 10,556,533.56 cu. m. amounting to Php 3.20 Billion.

Other Flagship Programs and Projects of SWMO include:

1. The office implemented effective Information and Education Campaign (IEC) on RA 9003 and Solid Waste Management in different barangays, schools and private sectors in Metro Manila. Among these are the conduct of 294 SWM orientation trainings/ seminars/ workshops with a total of 19,645 participants. With a target of 240 seminars, the office achieved 122% of the same. All of these seminars conducted were evaluated (pre and post evaluation tests) for effectiveness. Also, the office has produced and disseminated 24,641 IEC materials. Likewise, the office accomplished preliminary project discussion, draft of project concept, action plan for schedule of activities, identification of venue/ ocular inspection, attended the 3rd Coordination Meeting and facilitated the actual conduct of the Kiddie Environmental Summit for Elementary Schools at the Pasig City Sports Center.

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
No. of SWM orientation trainings/ seminars/ workshops conducted	294	295
Total No. of Participants	19,645	12,927

2. 151 monitoring reports prepared, 70 ocular inspections and 70 activity/ compliance reports were accomplished for SWMO's compliance with the environmental standard for the operation of landfill provided under RA 9003.
3. For the proposed supply and installation of 6 weighbridges for 3 sanitary landfills, the following were accomplished:
 - Installation of 2 units of weighbridges at Rizal Provincial SLF 100% completed.
 - Installation of 2 units of weighbridges, construction of Checker's Booth and concreting of weighbridge access road at Navotas SLF were completed.
 - For the New San Mateo SLF, excavation works for the foundation of weighbridge were started (On-going civil works).
4. The office inspects garbage trucks prior to issuance of Permit to Dump based on their roadworthiness and compliance with required paraphernalia and truck criteria. The total number of garbage collection trucks who applied for accreditation and inspected were 2,061 trucks in which 1,711 of them were accredited.

5. For the Metro Manila Flood Control Project-Phase I, Component 2: Minimizing Solid Waste in Waterways funded by IBRD and AIIB, the office has done the following activities:
- Attended 29 meetings/ activities, 3 Procurement Re-orientation & STEP Process as part of project preparatory activities and conducted 22 site inspections of Pumping Stations and surroundings.
 - For the hiring of individual consultant to prepare TOR for the hiring of a consulting firm to develop the MM Master Plan, community based SWM system and specification and cost estimate of SWM equipment, SWMO met with hired individual consultant (Engr. Camance) who will prepare the Terms of Reference (TOR); Received Engr. Camance's memorandum regarding SWM equipment for purchase; Draft TOR and RFP were reviewed by the office and NSWMC-TWG and PMO received the Rapid Assessment Report, PMO Proposed Structure and Rapid of over-all SWM services of MMDA.
 - For the hiring of a consulting firm who will develop a community-based SWM system amounting to Php 40M, the office has facilitated a meeting with the NSWMC-TWG to review the draft TOR; incorporated the comments on the TOR and submitted to WB; and discussed the received comments from WB regarding TOR and RFP of CBSWM.
 - For the hiring of a consulting firm who will develop a MM Master Plan amounting to Php 60M, the office has accomplished the following: Provided go signal to upload TOR via Step; Conducted/ participated in the internal workshop with SWMO, Planning, Consultant & WB to finalize the TOR; Reviewed final draft of TOR as revised by the Consultant; Received No Objection Letter from WB via STEP for SWM Master Plan TOR; Submitted Rapid Assessment Report to PMO; received NOL from WB for the Request for Expression on Interest (REOI); Invitation to Bid was posted at UNDB; Bid Docs was submitted to WB; Published Invitation to Bid at PhilGeps and posted at UNDB; Reviewed and finalized Bid Docs submitted to WB and Monitored the issuance of NOL from WB for the REOI.
 - For the purchase of SWM collection equipment, tools & materials, the office accomplished the following: Reviewed the technical specifications and bid documents for heavy equipment as submitted by consultant; prepared PR and RIS for service vehicle and submitted to OAGMO; Reviewed final PR for heavy equipment released by OAGMP amounting to Php 110M; Provided go signal to bid documents of HE through STEp amounting to Php 110,245,000; Received suggestions from WB to change compactors from 1 single hydraulic & 1 dual hydraulic to 2 dual hydraulic; Monitored issuance of NOL from WB for Bid Docs and Attended the pre-bid, the opening of Bid and opening of financial proposal.

- For the final closure plan (Safe Closure and Rehabilitation Plan) of Carmona Sanitary Landfill (CSLF), the following were accomplished: Drafted 1 TOR for the conduct of FS (prepared & reviewed); Draft TOR was reviewed with NSWMC-TWG in a special meeting with representatives of Region IV-A; TOR was finalized; Abstract of Carmona SCRП was posted in PhilGeps on May 31, 2018; Eligibility Requirements and Short Listing of Consulting Services was conducted on June 5, 2018; Pre-bid conference for the FS of the SCRП of Carmona SLF was conducted on June 14, 2018; Participated in the Opening of SCRП technical and financial proposal at Manila City Room on July 2, 2018 and conducted a consultation meeting on July 27, 2018 with Woodfields personnel regarding the FS of CSRP; Conducted a consultation meeting with Woodfields personnel regarding the feasibility study of CSRP; Participated in a kick-off meeting with WCI personnel, MMDA-TWG, SWMO, and SAKAMAY representatives on August 23, 2018 and attended First Stakeholders meeting on August 29, 2018 with SWMO, MMDA-TWG, NSWMC, EMB-RAA, WCI Team, Carmona MENRO and MPDC; Consultancy contract of Woodfields Consultants Inc. was signed by Chairman Danilo Lim on September 26, 2018 and Topographic Survey activity was 70% accomplished as of September 24, 2018; Topographic survey activity remained 85% accomplished; Notice to proceed was signed and conducted stakeholders (TWG) site visit; WCI submitted Inception Report; Drilling activity for Geotechnical examination accomplishment remained at 45%; and Terrestrial fauna and Flora survey was conducted on October 2018.

**Seminar on Solid Waste Management and
Environmental Police Training for LGU Pasay City**

Regular Activities of SWMO include:

1. For the conduct of Ocular Inspection of SWM Facilities, SWMO has inspected 109 MRS/ MRF/ JS, 15 Transfer Stations, 12 Sanitary Landfills and 2 other facilities.
 - For the maintenance and housekeeping of Carmona Sanitary Landfill (CSLF), a total of 21 site inspections were conducted by the CDF Group. Grass-cutting activities were also done which covered a total area of 14,600 sq. m. The office also made actions with regards to the encroachment in CSLF and Proposed Concrete Paving of Access Road to be implemented by DPWH which are as follows: 2 meetings were held with Usec. Almadin and the owner of encroached house for possible settlement of the issue; Followed up Demand Letter and drafted Endorsement Letter regarding encroachment issue to Legal & Legislative Affairs Service (LLAS). Also, SWMO forwarded to LLAS the memorandum regarding highlights of the meeting on the encroachment issue. Likewise, SWMO provided LLAS with the documents they requested (Proof of receipt of the Demand Letter by the owners of encroached houses) and final demand letter dated July 7, 2018 was already sent to Mr. Landicho on July 11, 2018; Reported to Chairman Danilo Lim thru OAGMO the plan of DPWH to concrete the road inside the CSLF known only because of the DPWH request for permission to construct temporary facility for their workers. Also, MMDA sent a letter to DPWH-Region IV -A last September 12, 2018 to inform them to wait for the result of the FS before any infrastructure can be constructed within the facility. Likewise, SWMO conducted a meeting with the Chairman, DPWH-Region IV-A and representatives from other concerned on September 19, 2018 at the CSLF and was agreed to allow the contractor to construct an access road in the facility.
2. For the dismantling of Elevated Water Tank, the updated the Inventory and Inspection report of dilapidated water tanks was reconstructed as requested by Supply and Property Division.

Regular Activities of SWMO include:

3. For the maintenance of Boso-Boso Sanitary Landfill, a total of 15 site inspections were conducted by the CDF Group and grass-cutting activities were also done which covered a total area of 15,180 sq. m. For the proposed topographic/ relocation survey of Boso-Boso SLF, the office re-computed the detailed estimates of the proposed topographic relocation survey in preparation for re-bidding purposes and BAC Resolution and Notice of Award were submitted to the Chairman's Office and P.O. # 18-393 and Notice to Proceed (NTP dated December 28, 2018) of Boso-Boso request for topographic survey was sent back to SPD by the winning bidder. For the resolution issue on the road encroachment of Boso-Boso property to the Marikina-Infanta Road Right of Way (widening project of DPWH), the office attended meeting and conducted joint inspection with DPWH regarding the issue in which said road widening will be implemented this year (2018) and checked the limits of the same. Also, the office reported to OAGMO the encroachment problem (as reported by the caretaker) of the facility and the SIIO visited the facility to conduct investigation. Likewise, SIIO suggested and conducted the site investigation of the SLF facility to determine the exact boundaries of the property and decided to issue a Demand Letter to vacate the area to the ISF.
4. For the monitoring and collection of volume of garbage from pumping stations (Manila, Pasay & Taguig) and disposal at Pier 18 Marine Loading Transfer Station and RPSLF, the office conducted a total of 1,306 monitoring rounds and coordinated the collection, hauling and disposal of 9,547 cu. m. of accumulated volume of garbage.

Special and Other Activities of SWMO include:

1. For the development of a new MMDA Integrated Solid Waste Disposal Facility of Metro Manila, the following were accomplished: Received offer to sell parcel of land located in Sta. Maria, Bulacan and coordinated with the proponent for a meeting and schedule of site visit; Prepared Landfill Site Selection, Process Flow, Table Top Evaluation Criteria of Candidate Sites and Landfill Site Identification and Screening Guidelines; Received 5 offers to sell parcel of land of which 4 of them are located in Cavite and 1 in Batangas; Tabletop evaluation of 6 sites was conducted and shortlisted the same to only 5; Received letter of offer to sell for two (2) properties located in Nasugbu, Batangas and Masbate on July 7 & 24 respectively and 1st draft of table top evaluation of six (6) sites prepared last July 25, 2018; Drafted letter of request for a series of inspections for the top 5 potential candidate sites to be developed as an ISWDF on August 2018; Attended meeting re: SLF Identification and Inspection at EMB-Central & MCB-Central; and Conducted ocular site inspection at Maragondon, Cavite.
2. For SWMO's compliance to the Supreme Court Mandamus on the Clean-Up of Manila Bay, SWMO attended and participated in various DILG ECA/ MBCRPP, MBCO, DENR-NCR & PRRC meetings and workshops. Also, 4 Quarterly Reports were prepared and submitted to the Legal Office.
3. For the Exploration of Appropriate Waste to Energy (WTE) Technology & other SWM Proposals to Metro Manila, SWMO has attended a total of 19 meetings thereof.

HEALTH, PUBLIC SAFETY AND ENVIRONMENTAL PROTECTION OFFICE (HPSEPO)

The **HPSEPO** was created pursuant to the provisions of Republic Act No. 7924 which provides that the scope of MMDA services includes health and sanitation, urban protection and pollution control which include the formulation and implementation of policies, rules and regulations, standards, programs and projects for the promotion and safeguarding of the health and sanitation of the region and for the enhancement of ecological balance and the prevention, control and abatement of environmental pollution. The four (4) divisions and their functions are as follows:

1. **Plans and Programs Development and Monitoring Division (PPDMD)** which is responsible for the enforcement of 100% Smoke-Free Environment Policy in Metro Manila that performs its mandate on Health and Sanitation, Urban Protection and Pollution Control.
2. **Health & Sanitation Services Coordinating Assistance Division (HSSCAD)** which is responsible in designing a mechanism to supervise the full implementation of the MMDA Regulation No. 96-009 or the Anti-Littering Law. This is the law that rigorously prohibits littering/ dumping/ throwing of garbage, rubbish or any kind of waste in open or public places, and requiring all owners, lessees, occupants of residential, commercial establishments, whether private or public to clean and maintain the cleanliness of their frontage and immediate surroundings and providing penalties for violation thereof. This also contains systems and procedures of enforcement, payment of corresponding penalties and deputation and organization of Environmental Enforcers.
3. **Environmental Management Division (EMD)** wherein the *Metro Parkway Clearing Group (MPCG)* is an interim organizational unit which is responsible in ensuring a continuous maintenance of a clean and healthy environment and development of and/ or improvement of a uniform and unique landscape that will further enhance the beauty of Metropolitan Manila. Also, the *Anti-Smoke Belching Unit (ASBU)* is under the supervision of EMD in which they are tasked to implement and enforce the Clean Air Act (RA 8749) thru roadside inspection and apprehension, improve the “*ambient air quality*” of Metro Manila thru the implementation of comprehensive Anti-Smoke Belching Program (Article 2, Section 5.d of RA 8749), pursue programs aimed at reducing air pollution and protecting the environment and instill public awareness thru information campaign in so far as clean air is concerned.
4. **Public Safety Division (PSD)** which is charged with the formulation and implementation of programs, policies and procedures to achieve public safety, especially preparedness for preventive or rescue operations during times of calamities and disasters such as conflagrations, earthquakes, flood and tidal waves to include coordination and mobilization of resources.

Health and Sanitation Services Coordinating Assistance Division (HSSCAD)

Enforcement of MMDA Regulation No. 96-009 or the Anti-Littering Law

For CY 2018, a total of 26,654 Anti-Littering Enforcement violators were apprehended which is 107% of the 25,000 target for the year. 7,648 of whom have settled their administrative fines with a total revenue of Php 3,861,700.00. Also 123 of these violators have rendered community service in place of their administrative fines. Also, 19,977 Summons/ Notices were sent to violators, 5,132 cases were filed/ subscribed to different MTCs, 6,916 court hearings were attended by Environmental Enforcers at different MTCs and 1,078 cases were submitted to the NBI in violation of Sec. 48 of RA 9003 (Anti-Littering Law) per LGU. The table below shows the comparison against the previous year's accomplishment:

Environmental Enforcers in operation

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
No. of Apprehensions	26,654	27,217
No. of Settled Violations (Administrative Fines)	7,648	7,317
No. of Violators Who Rendered Community Service	123	91
Total Revenue (in Php)	3,861,700.00	3,670,350.00

For HPSEPO's Information and Education Campaign on MMDA Regulation No. 96-009 or Anti-Littering Law, the office distributed a total of 70,253 "Bawal Magkalat" IEC flyers to public schools, public markets, barangays and other public places for the Semester. Also 60 pieces of "Bawal Magkalat" signages were installed at areas of apprehension. Likewise, the office conducted orientations in public high schools, public markets, barangays, public places and to violators who rendered community service with a total of 14,592 participants.

Other HASSCAD activities include the following:

1. Conducted 50 monitoring rounds, apprehended 64 smokers (MMDA employees) and warned 157 civilians (informed them of MMDA's Anti-Smoking Policy) as part of monitoring the compliance of MMDA as a 100% Smoke Free Workplace (Memorandum Circular No. 10 series of 2010). The office also conducted 19 brief orientation on Tobacco Control Intervention (Smoking Cessation Program), 170 orientation seminars to MMDA employees and distributed 71 IEC materials regarding 100% Smoke-Free Policy to MMDA personnel.

2. For the Urban Pest Abatement Assistance Program, the Division conducted 65 misting operations in different locations to include MMDA Main Building, Pumping Stations and Satellite Offices.
3. For HASSCAD's Task Force Special Operation, the division has issued a total of 100 Environmental Violation Receipts (EVRs) for obstruction offenses (environmental discrepancies) with a total of 71 violators settled their administrative fines.

**SUBSCRIBES ANTI-LITTERING LAW

**DISTRIBUTION OF MMDA BAWAL
MAGKALAT FLYERS**

PLANS, PROGRAMS DEVELOPMENT AND MONITORING DIVISION

Enforcement of RA 9211 or the Tobacco Regulation Act/ No Smoking in Public Places

For the Access Restriction – Monitoring of school vicinities on sale of and display of tobacco products within 100 meters of school boundaries, the office monitored a total of 1,674 school vicinities, inspected 22,717 stores and disseminated 82,642 IEC materials. Below is the comparison from the previous year's accomplishment:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Schools Vicinities Monitored	1,674	1,739
Stores Inspected	22,717	19,862
IEC Materials Disseminated	82,642	79,021

For the Orientation on the Dangers of Smoking, the office has conducted 116 orientation sessions in 77 schools with a total of 21,308 individuals given orientation.

For the Smoking Cessation Services for PUV Operators/ Drivers/ Staff, the office provided brief advice on smoking cessation to 5,496 drivers. Likewise, 5,530 stickers were posted on PUVs and PUJs.

For the monitoring of activities, the office has re-inspected 3,347 stores for validation and conducted monitoring of projects and activities in 1,442 areas.

For the LGU Coordination Activities (Training of Environmental Enforcers on Smoke-Free City), the office has trained a total of 209 participants in 6 LGUs.

Note: Anti-Smoking Apprehensions were suspended since August 6, 2015 up to present due to the Court of Appeals Ruling.

PUBLIC SAFETY DIVISION

Included in the mandate of the Public Safety Division (PSD) is the formulation of programs, policies and procedures to achieve public safety, especially disaster preparedness, conduct of rescue operations during times of calamities and disasters such as: conflagrations, earthquakes, floods and tidal waves, and coordination and mobilization of resources and the implementation of contingency plans for rehabilitation and relief operations in coordination with national agencies concerned.

For the Community Hazards Information and Disaster Education Program, the Division has conducted trainings/ orientations for the following courses on disaster risk reduction and management for CY 2018:

Trainings/ Orientations Conducted	Number of Participants
	2018
Disaster Preparedness Orientation Course (DPOC)	115
Basic Emergency Responder's Course (BERC)	79
Earthquake and Landslide Search and Rescue Orientation Course (ELSAROC)	34
Basic High Angle Rescue Techniques (BHART)	6
Flood Incident Response Safety Training (FIRST)	4
Crash Vehicle Extrication Training (CVET)	4
Swift Water Rescue Technique (SWRT)	2
Water Search & Rescue Training (WASAR)	3
TOTAL	247

Trainings/ Orientations Conducted	Number of Participants
	2017
Disaster Preparedness Orientation Course (DPOC)	45,068
Basic Emergency Responder's Course (BERC)	2,205
Earthquake and Landslide Search and Rescue Orientation Course (ELSAROC)	3,060
Basic High Angle Rescue Techniques (BHART)	193
Flood Incident Response Safety Training (FIRST)	365
Crash Vehicle Extrication Training (CVET)	81
Swift Water Rescue Technique (SWRT)	15
Water Search & Rescue Training (WASAR)	54
Incident Command System (ICS)	136
TOTAL	51,177

Note: Submitted Key Performance Indicator (KPI) for CY 2018 is based on Number of Trainings/ Orientations conducted while KPI submitted for CY 2017 is based on the Number of Participants trained/ oriented.

Target output for CY 2018 is to aggregately conduct 251 trainings on 8 different courses on Disaster Risk Reduction and Management, the division has accomplished 98% of the target output.

For CY 2018, Public Safety Division has ensured 100% operational condition of all the 21 Disaster Response Equipment Field Storage (DREFSUs) stationed in different strategic areas and 4 quadrants in Metro Manila for preparedness in times of disaster. The office was also able to maintain deployment and mobility of a 24/7 standby Rescue Team for rescue operations and paramedic teams to respond to vehicular accidents and other emergencies in which they have responded to 21 trauma/ medical patients. PSD likewise maintained at least one (1) daily overnight standby rescue team for rescue van and flood response operations.

Other activities of the Public Safety Division for CY 2018 are as follows:

1. Deployed 3 Medic/ EMT Teams, 1 WASAR Team and 2 SRR Team for the Feast of the Black Nazarene.
2. Deployed 1 Medic Team and 1 WASAR Team in the GMA News Coverage: “The Atom Araullo Underground”.
3. Deployed 1 Medic Team during the People Power Revolution Anniversary Celebration.
4. Deployed a 22-man Water Purification Team in the Albay Mercy Mission (Humanitarian Mission) in which they provided 2,271 liters of potable water to 768 families and 1,724 packs of relief goods for the communities affected by Mayon Volcano’s activity.
5. Deployed 1 SRR Team and 2 Medic/ EMT Teams including static display for the 120th Philippine Independence Day “Pagbabagong Ipinaglalaban, Alay sa Masaganang Kinabukasan” Celebration.
6. Deployed a 14-man Search, Rescue and Retrieval/ Clearing (SRR/C) team in different areas in Tuguegarao, Nueva Viscaya and Cagayan as part of the Humanitarian Mission/ Rescue Operation last September 14 – 19, 2018 brought about by Typhoon “Ompong” including provision of water purification to 3,000 isolated families and clearing operations in 5 different devastated locations.
7. Deployed 1 Search and Rescue Team as standby emergency personnel in case of emergency for the Bonifacio Day Celebration.
8. Deployed 1 Search and Rescue Team and 1 Medic/ EMT Team as standby emergency personnel in case of emergency for the 112th Anniversary Celebration on the Martyrdom of Dr. Jose Rizal.

9. Attended/ participated in various meetings/ orientations/ seminars/ trainings/ events to include UN Basic Tools & Guidelines for the Philippine Relief Team & Response Cluster Members, Creation of Prescribed Protocol & Standard Composition of Search & Rescue Teams in Line with the INSARAG External Classification, Course on Nuclear & Radiological Emergency Preparedness & Response, National Simultaneous Earthquake Drill (NSED), Emergency Operations Center Training Course, Multi-Casualty Incident Table Top Exercise, Korea Defense & Security Trade Mission, Updates on the Harmonized National Contingency Plan for the 7.2 Magnitude Earthquake & INSARAG Asia-Pacific Regional Earthquake Response Exercise, Technical Capability Building of MMDA Personnel, Advance Course on Auditing QMS for MMDA, Earthquake for NCR Response Cluster, Static Display of Rescue Equipment, Coastal Clean-Up Drive, and International Search & Rescue Advisory Group (INSARAG) 36-Hour Earthquake Response Simulation Exercise (SIMEX) & Disaster Responders Challenge.

Disaster Preparedness Orientation

Earthquake and Landslide, Search and Rescue Orientation Course

Basic Emergency Responder's Course

High Angle Rescue Technique

ANTI-SMOKEBELCHING UNIT

In line with the provision of the Clean Air Act (RA 8749), the unit was established to implement and enforce the Clean Air Act (RA 8749) thru roadside inspection and apprehension, improve the “ambient air quality” of Metro Manila thru the implementation of comprehensive Anti-Smoke Belching Program (Article 2, Section 5.d of RA 8749), pursue programs aimed at reducing

air pollution and protecting the environment and instill public awareness thru information campaign in so far as clean air is concerned.

The Unit, which is deputized by the Land Transportation Office (LTO), undertook roadside inspection and enforcement of motor vehicle emission standards or Anti-Smoke Belching Operations along major thoroughfares in Metro Manila, SWIPT and BMDS Terminals for CY 2018 as shown below:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Passed	285	179
Failed	912	466
Total Inspected/ Tested	1,438	645

With a target inspection of 1,500 motor vehicles for CY 2018, the Unit has accomplished 96% of the set target. Minimal decrease in roadside inspection was due to the leniency given to drivers of public utility vehicles as they are the ones who will assume the penalties and not the erring company owners. Also 241 drivers were only warned.

Free Smoke Emission Tests for Public Utility Buses (PUBs) were also done at the SWIPT and BMDS Terminals which totaled as follows:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Passed	3,217	3,189
Failed	2,203	3,544
Total Inspected/ Tested	5,420	6,733

Free Smoke Emission Testing were also conducted for Tow Trucks in relation to the renewal of their application for accreditation with MMDA which totaled as follows:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Passed	3,217	3,189
Failed	2,203	3,544
Total Inspected/ Tested	5,420	6,733

METRO PARKWAY CLEARING GROUP

The following are the 2018 Annual Accomplishments of MPCG with comparative data for the Annual Accomplishments of 2017:

STREET SWEEPING

A regular activity of MPCG is to clean & maintain Metro Manila streets, sidewalks, center islands, footbridges, flyovers and so on by deploying mechanical sweepers, tools, Metro Aides, Laborers and Oyster sweepers.

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Volume of garbage and sand collected	31,305.32 cu. m.	37,831.48 cu. m.
Total length swept	331,833.20 km	322,639.67 km

HAULING ACTIVITIES

The MPCG has dispatched personnel, tools and hauling equipment to supply or pull out various materials to be used, replaced or disposed in the daily operation of the Group:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Sand/ garbage/ debris/ dry leaves	9,871.20 cu. m.	10,480.02 cu. m.
Garden soil	875.03 cu. m.	1,565.33 cu. m.
Ornamental plants/ eco pots	69,514 pcs	55,952 pcs
Refilling of sand/water in plastic barrier	254.03 cu. m.	9,837.38 cu. m.
Concrete/ plastic barriers	17,851.60 cu. m.	17,688.76 cu. m.
Plastic Plant Box (Vertical)	97.44 pcs	-
Portalets	303 units	708 units
See thru fences/ steel railings	1,373.50 sq. m.	693.82 sq. m.
Gravel/ filling materials	174.18 cu. m.	224.04 cu. m.
Others (Table-9 units, cart 3, school supplies)	10.74 sq. m.	1,839.65 pcs

FLUSHING, WASHING AND CLEANING

Concrete road structures, fixed/ movable lavatories as well as street furnitures & fixtures were likewise cleaned and maintained by the MPCG:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Maintenance of 25 urinals	5,236 units	4,177 units
Cleaning of 25 units portalet	18,969.53 sq. m.	38,262.10 sq. m.
Footbridge	240,329 sq. m.	207,459 sq. m.
Plastic/ concrete barrier cleaned	25,290.65 sq. m.	45,529.77 sq. m.
Sidewalks /concrete gutters	2,808.10 sq. m.	17,381.70 sq. m.
Tunnel tiles	27,457.78 sq. m.	103,364.60 sq. m.
See thru fence / railings / waiting shed/signages	27,449.48 sq. m.	14,969.19 sq. m.
Plant boxes (movable / fixed)	16,801.60 sq. m.	20,873.12 sq. m.
MRT post/loading bays/urinating areas	167,891.68 sq. m.	110,431.61 sq. m.
Comfort rooms / others	2,468.91 sq. m.	2,565.89 sq. m.
Water used in flushing	1,088,172.80 L	1,384,335 L

Donation of Garden Soil, Paint and Cleaning Materials

CLEAN-UP DRIVE / OPERATION

The table below shows the volume of garbage collected during the clean-up activities held on the following occasions for CY 2017 with comparative data for CY 2016:

PROGRAM/ PROJECT/ ACTIVITY	2018	2016
Volume of garbage collected	2,794.08 cu. m.	2,619.86 cu. m.
Declogging of Sewer and inlets	1,065.73 cu. m.	-

MPCG likewise conducted clearing & removal of illegal vendors and structure/ stalls at footbridges, sidewalks, public markets, barangays including assistance to LGUs, NGAs & NGOs:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Removed illegal stalls/structures	1,049 stalls	729 stalls/structures
Removed illegal vendors	2,071 vendors	1,204 vendors
Vol. of confiscated items/garbage	3,634.99 cu. m.	2,893.94 cu. m.

GREENING/ LANDSCAPING MAINTENANCE ACTIVITY

The Group also planted, propagated and maintained plant & trees, gardens and landscapes in various places of Metro Manila as shown in the following table:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Planting, propagation and marcotting of trees & ornamental plants, including replacement of plants at vertical garden	1,410,008 pcs	1,358,156 pcs
Replacement of plant pots at vertical garden and Meralco post	115,814 pcs	167,307 pcs
Cultivation of plants, trimming, uprooting, grass cutting & leveling of soil	645,942.17 sq. m.	910,368.34 sq. m.
Trimming, pruning, cutting and ball out of trees & plants including trimming of trees at LGU, NGA & NGO	12,649 pcs	17,734 pcs
Watering of plants	14,798,561 L	12,850,684.5 L
Application of fertilizer	2,375.3 sq. m.	650.28 pcs
Fixing of trees at plant box/ bagging of soil	4,448 pcs	5,067 pcs
Digging of holes for tree planting operations	951 pcs	1,779 pcs

CONCRETING & MASONRY, REPAIR, FABRICATION, INSATALLATION AND PAINTING WORKS

The table below shows the area/ length of construction works undertaken by the MPCG for 2018:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Concreting and masonry works	1,113.54 sq. m.	3,243.72 sq. m.
Bundling of wires	2,191 m.	1,914 m
Repair/ fabrication/ installation of miscellaneous items	3,750.04 sq. m.	6,466.74 sq. m.
Painting Works	25,117.98 sq. m.	42,029.43 sq. m.

DEMOLITION/ REMOVAL

The Group also conducted removal and confiscation of illegal tarpaulins & posters along the streets and major thoroughfares of Metro Manila:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Removal of tarpaulins / posters	114,051.18 sq. m.	139,128.44 sq. m.
Others (debris, bricks, flooring, perimeter fence)	533.30 sq. m.	8,187.82 cu. m.

SHUTTLE SERVICES/TRANSPORTATION ASSISTANCE

MPCG has likewise facilitated scheduled trips for in-bound and outbound MMDA personnel/ group as well as provided equipment for disaster-related transportation services:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Shuttle bus for MMDA employees	10,113 employees	3,827 employees
Request for transportation other than shuttle	2,519 persons	4,329 persons
Libreng Sakay	349, 903 passengers	5,400 passengers
Relocation of Informal Settlers	600 families	67 families
Repair & Maintenance of Equipment	301 units	180 units

SPECIAL OPERATIONS

The following table shows the Disaster Resilience Activity and Assistance provided by the MPCG to fulfill the requested services from LGUs, NGOs & NGAs:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Disaster Resilience Activity	13	2
LGU Requests	422	211
NGA Requests	140	138
NGO Requests	106	36

**Sweeping/ Cleaning Around New
Las Piñas Public Market**

Bundling of Aerial Cable/ Wires

Trimming/ Pruning of Trees

OFFICE OF THE ASSISTANT GENERAL MANAGER FOR PLANNING (OAGMP)

For the CY 2018, the OAGMP accomplished the following programs, projects and activities with comparative data for that of CY 2017:

Regional Development Council (RDC) – NCR

The MMDA, thru the OAGMP, performed the following functions of the Regional Development Council for the National Capital Region:

	TARGET OUTPUT 2018	2018	2017
Regional Development Council (RDC) – NCR	37 budget proposals (29 RLAs and 8 SUCs)	37 budget proposals (29 RLAs and 8 SUCs)	
Evaluation of Development Projects for RDC-NCR approval <ul style="list-style-type: none"> Number of small group, Sectoral/ Joint Sectoral Committees, RDC-NCR related meetings Number of consultation/workshops/ writeshops (RDC-NCR Bilateral Consultation) 		<div>27</div> <div>11</div>	<div>25</div>

URBAN RENEWAL, ZONING AND LAND USE PLANNING AND SHELTER SERVICES

The OAGMP conducted joint technical review with the Housing and Land Use Regulatory Board (HLURB) of the Comprehensive Land Use Plans (CLUPs) and Zoning Ordinances (ZOs) of the following Metro Manila Local Government Units for CY 2018:

	TARGET OUTPUT 2018	2018	2017
Conduct of Joint Technical Review of HLURB and MMDA <ul style="list-style-type: none"> Number of Joint-Technical Review of CLUP/Zos with HLURB conducted Number of CLUPs and Zos reviewed 	4 land use plan acted upon as submitted by LGUs	6 7	3 4
Technical Assistance for the Relocation of ISFs <ul style="list-style-type: none"> Number of Activities/Meetings provided with Technical Assistance 		62	
Biometrics Registration of ISFs <ul style="list-style-type: none"> ISFs living along the 8 priority waterways as of 2013 ISFs included in the 2014 list of priority areas ISFs living in waterways/areas as requested by LGUs 		58 146 0	
Total Number of ISFs Registered through the MMDA Biometrics System		204	

OAGMP likewise attended in/provided technical assistance in **71** Traffic-related meetings/activities/report submission; attended/participated in **61** DRRM/CCA related meetings/activities; and attended/participated in 22 Metro Manila Flood Management Project Phase 1.

Other Planning Related Accomplishments are the following:

	2018	2017
Technical Assistance during Inter-Agency Activities and Meetings	669	444
Correspondence	525	
Others Submissions		
• Number of Technical Assistance provided and participation in inter-staff/inter-agency committee meetings/TWGs	137	
• Number of meetings/seminars/workshops as resource speakers/representatives	62	
• Number of liquidation of cash advance prepared	11	
Other Training Programs/Study Tours/Local and International Conferences		
• Number of Local Training/Workshops Attended	346	317
• Number of International Training/Workshops Attended	5	6

The International Training Workshops that OAGMP attended are “The 16th Council for Promotion of Tourism in Asia (CPTA) Meeting” held in Hanoi, Vietnam; “Phronetic Leadership Training” in Tokyo, Japan; “High Occupancy Vehicle and Traffic Behavior Camera and Systems using Artificial Intelligence last Liteon-Leotek” held in Taipei, Taiwan; “Crisis Management Conference” in New Taipei, Taiwan; and the “Yokohama Asia Smart Cities Conference 2018” in Yokohama, Japan.

**Deliberation of MMDA Budget FY 2018
at DBM**

**RDP-NCR 2017-2022 Bilateral
Consultation with MWCI and MWSS last
20 June 2017**

METROPOLITAN SOCIAL SERVICE OFFICE

Street Dwellers Care Program

A regular activity of MSSO is the Street Dwellers Care Program in which the office conducts rescue operations of street dwellers/ nomads in various locations in Metro Manila and are turned-over to Jose Fabella Center (JFC), LGUs or other DSWD facilities. This resulted to the rescue of 11,201 mendicants, nomads, psychotic and other street dwellers along major roads and thoroughfares. With a target of 10,800 street dwellers for CY 2018, the office has achieved 104% of their target set. 3,743 of them were turned-over to the Jose Fabella Center, 2,022 were

discharged, 1,192 returned to their respective LGU's/ Barangays, 4,244 were referred and turned-over to other facilities like RAC, Graces, NCMH, Pasig Bahay Aruga, QCSSDD, Nasyon ng Kabataan, Sanctuary, etc. 199 Joint Inter-Agency Rescue Operations were also participated by the office in cooperation with DSWD, PNP, LGUs and other agencies.

	2018	2017
No. of Rescued Street Dwellers	11,201	11,443

The office is also regularly posting/ monitoring the EDSA-Ortigas Flyover, People Power Monument and Camp Crame areas to reduce street dwellers/ nomads frequenting the same which resulted to the rescue of 853 street dwellers. The office also performed home conduction of rescued street dwellers from JFC to their places of origin.

Other activities of MSSO for CY 2018 include the following:

1. As member of the Technical Working Group (TWG), the office attended/ participated in various coordinative meetings as MMDA representative and coordinator in preparation of inter-agency programs such as:
 - Participated in the Celebration of the National Heroes Day at the Libingan ng mga Bayani, Taguig City last August 27, 2018.
2. Attended seminar regarding "Orientation on the Protocol for Reach-Out Operation of Street Dwellers especially Minors" last June 26, 2018.
3. Participated in the 4th Metro Manila Shake Drill at every quadrant last July 19 – 20, 2018. Attended various trainings for DPOC and BERC at the MMDA Arena.

SIDEWALK CLEARING OPERATIONS GROUP

Sidewalk Clearing & Improvement

The flagship program of SCOG prioritizes metro-wide clearing & removal activities in order to establish a safe and convenient traffic for both pedestrians & motorists. SCOG eliminates illegal vendors selling goods in undesignated vending zones and remove informal settlers & street dwellers to prevent them from obstructing the alleys, sidewalks, footbridges, communities, public markets and other public places in Metropolitan Manila. Meanwhile, in an effort to solve the problems in restoring Road's Right of Way, clearing & removal operations of SCOG have been a routine to control the alarming increase in the number of informal workers and their paraphernalia occupying undesignated vending zones in the metropolis.

The comparative report on the number of illegal vendors cleared for 2018 and 2017 as shown in the table below indicates a decrease of 10,321, while the number of illegal obstructions cleared also indicates a significant decrease of 5,213.

	TARGET OUTPUT 2018	2018	2017
Illegal vendors	18,000	26,300	36,621
Illegal obstructions/structures	6,250	8,381	13,594
Informal Settlers	193	235	965

BEFORE

AFTER

COASTAL FOOTBRIDGE, PARAÑAQUE CITY, DECEMBER 26, 2017

SCOG also had some special projects/intervening activities throughout the year and they accomplished a total of 141 of these projects/activities.

COUNCIL SECRETARIAT

The MMDA Council Secretariat (CS) provides legislative and secretariat support to the Metro Manila Council (MMC) Mayors and organizes the Council's regular and special meetings. The conduct of the aforementioned meetings depend on the legislative needs of the MMC, whereas the preparation and packaging of materials such as the Agenda as well as the folders vary on the kind of meetings to be conducted and the number of participants.

The following regular activities were accomplished by the Council Secretariat for the year 2018 as compared to the same period of 2017:

PROGRAM/ PROJECT/ ACTIVITY	TARGET OUTPUT 2018	2018	2017
1. Council and MMC Committees- MMDA meetings Assisted	4 meetings	10 meetings	10 meetings (7 MMC meetings, 2 Metro Sports meetings and 1 Transport Committee meeting)
2. Resolutions prepared/ re-vised	6 resolutions	33 resolutions	31 issuances
3. Published approved MMDA Resolutions, Special Traffic Committee Resolutions and Memorandum Circulars	4 issuances	9 issuances	8 issuances
4. Registered with the Office of the National Administrative Register (ONAR), U.P. Law Centre	12 issuances	33 issuances	31 issuances
5. Provided information assistance to researchers/ callers re MMDA regulations and resolutions	100 callers/ re-researchers per Quarter	413 queries	460 queries

The Resolutions approved by the Metro Manila Council for the year 2017 are the following:

No.	MMDA MEASURES	TITLE
RESOLUTION		
1	MMDA Resolution No. 18-01, s. 2018	Favorably endorsing to the Housing and Land Use Regulatory Board (HLURB) for ratification the Navotas Ordinance (CLUP and ZO) 2016-2015

1st Quarter Metro Manila Council Meeting
07 February 2018 & 22 March 2018

2nd Quarter Metro Manila Council Meeting
21 June 2018, 07 & 24 August 2018

3rd Quarter Metro Manila Council Meeting
30 September 2018

4th Quarter Metro Manila Council Meeting
15 October 2018, 22 November 2018 & 07 December 2018

MANAGEMENT AND INFORMATION SYSTEM STAFF

The Management and Information System Staff (MISS) is responsible for the management and maintenance of the Local Area Network (LAN) and Attendance Monitoring System using Biometrics (Finger Scanners) for the timely release of the daily time records to MMDA personnel. The Office is also responsible for the maintenance of the MMDA Portal and Document Tracking System (DTS) as well as the E-NGAS work stations.

The following regular activities/ programs were accomplished for CY 2017 as compared to CY 2016:

PROGRAM/ PROJECT/ ACTIVITY	TARGET OUTPUT 2018	2018	2017
1. Management and Maintenance of Biometrics	38	48	44
2. Printing and release of DTRs	100, 000	122, 154	140, 045
3. Maintenance of E-NGAS work stations	33	42	40
4. Management of local area network			
• Connectivity issues addressed	150	189	330
• No. of work stations connected to the internet	357	410	239
• Technical issues of scanners promptly addresses	30	73	99
5. No. of PRs assessed/evaluated	12	24	30

Other Accomplishments:

1. The Office printed a total of 4, 776 MMDA Employees' ID.
2. The Office also assisted 24 OYSTER's and Job Order Personnel in their issuance of salaries during their payday
3. The office conducted technical assistance to all MMDA offices/ personal on hardware issues:
 - 522 hardware/ software troubles resolved
 - 686 computers maintained
 - 18 servers maintained
4. The new website per AO 39 was migrated to the Government Web Hosting Service (GWHS) using Government Web template (GWT) and was put live on December 23, 2014.
5. The office also posted a total of 142 requested files. The posting of articles and images was transferred to PAS-PIO.

PUBLIC AFFAIRS STAFF-PUBLIC INFORMATION OFFICE

The flagship project of this office is to sustain the proactive and positive image of the agency to its stakeholders. The PAS-PIO accomplished the following programs, projects, activities for the year 2018 as compared to the Annual 2017:

ACTIVITY/PROJECT/PROGRAM	TARGET OUTPUT 2018	2018	2017
1. Talking points for “MMDA sa GMA” Sunday Radio Program	48	51	51
2. Press Releases	36	176	118
3. Photo coverage and video documentation of all MMDA activities	180	456	498
4. News clipping related to MMDA, Chairman, traffic and transport	361	361	361
5. Media requests	480	858	699
6. Advisories	180	206	327

Public Assistance

ACTIVITY/PROJECT/PROGRAM	TARGET OUTPUT 2018	2018	2017
Maintain the proactive relationship of the Agency with its target publics through addressing public concerns	120, 000	383, 654	412, 235
Prepare and transmit referrals of valid concerns to departments concerned	1, 200	1, 441	1, 241
Communicate responses/ action taken of offices concerned to complainant	240	273	192
Communicate MMDA advisories to the public	120, 000	181, 714	89, 913

The office received and addressed public complaints and inquiries through FB, Metrocall, Twitter, Viber, Email, InfoDesk and I-Will Act portal.

Other Activities:

- The office recorded 273 requests for access to information relative to the Agency for public concern. The number of accomplishment is high due to the volume of requests for various information.
- The MMDA Drum and Bugle Corps received 49 invitations from LGUs and NGOs as well as events of MMDA.
- The office has installed 730 tarpaulins at MMDA Pylons/ Pahayagan ng Bayan for the year 2018. The posting of tarpaulins depends on the volume of requests approved by the Office of the Chairman.

Note:

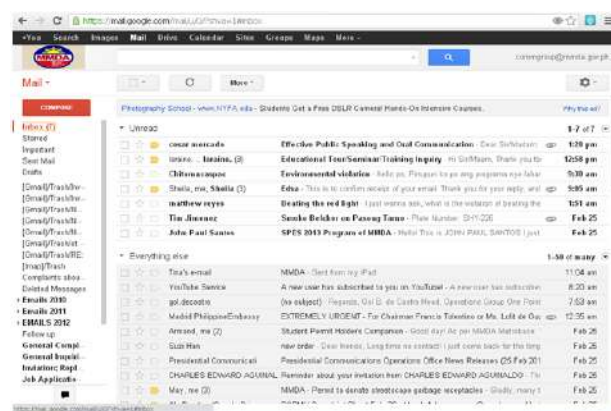

The accomplishments of PCRMU were included above since the PCRMU is under the office of PAS-PIO.

MetroSolusyon Website

MMDA Facebook Account

MMDA Gmail Account

OFFICE OF THE DEPUTY CHAIRMAN

For the year 2018, the Office of the Deputy Chairman accomplished the following programs/ activities as compared to the same period of 2017:

	2018	2017
1. Attended meetings of the following: <ul style="list-style-type: none"> • LLDA Board of Directors • CAS • Intramuros 	11 10 2	4 10 2
2. Reviewed and recommended approval of decisions of the Personnel Selection Board <ul style="list-style-type: none"> • NOSCA • Reappointments • Resolutions 	145 19 18	36 201 7
3. Received and reviewed all official communications	1788	1, 740
4. Entertained phone calls, inquiries, complaints, suggestions and proposals	8640	4320

Other Accomplishments:

As a BAC Committee Chair, the office has reviewed and recommended approval of the following:

1. 616 BAC resolutions
2. 10 Post Qualifications
3. 44 Bid Bulletins
4. 591 Requests for Quotation
5. 203 Invitations to Bid
6. 277 Abstracts of Quotation

LEGAL AND LEGISLATIVE AFFAIRS STAFF

The Legal and Legislative Affairs accomplished the regular activities for the year 2018 as compared to the same period of 2017:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Agency representation in courts (preparation of court pleadings and SPAs, attendance in court hearings)	247	293
Investigation of administrative complaints:		
• Conduct of preliminary investigations	250	153
• Resolved cases/ resolutions prepared	160	172
Prosecution of administrative cases:		
• Conduct of hearings	74	156
• Formal charges filed	12	14
• Decisions prepared	19	24
• Errant MMDA personnel terminated	9	12
• Errant MMDA personnel suspended	9	51
• Errant MMDA personnel preventively suspended pending investigation	1	10
• Errant personnel with extortion cases under deliberation for suspension or dismissal	6	6
Release of impounded vehicles	403	1,306
Processing of clearance/ certification	2,530	2,683
Legal research	233	455
Legal documents prepared (contract, MOA, Resolutions, Regulations, Memo Circular, Position Papers, etc.)	303	662
Provision of legal advice (walk-in clients)	308	386
Represent the Authority in congressional committee hearings and inter-agency meetings/ conferences	201	283

TRAFFIC ADJUDICATION DIVISION

The Traffic Adjudication Division accomplished the following regular activities for the year 2018 as compared to the same period of 2017:

PROGRAM/ PROJECT/ ACTIVITY	TARGET OUT-PUT 2018	2018	2017
Contested traffic violations received	500	901	838
Contested traffic violations adjudicated and resolved	500	701	569
Reviewed contested impounded motor vehicles	200	420	40

A comparison of the Division's accomplishments with that of last year's shows a significant in-crease in the number of contested traffic violations received as well as the number of contested impounded motor vehicles reviewed for this semester. The latter may be ascribed to the intensified implementation of the "No Parking Policy" by the Authority.

CORPORATE PLANNING AND MANAGEMENT STAFF

The Corporate Planning and Management Staff assists top management in the attainment of Agency goals and objectives through the facilitation of Corporate Planning Workshops, documentation and consolidation of Corplan Outputs into Agency Action Plan and Performance Commitment, and integration, preparation of periodic sectoral reports into quarterly, semestral and annual accomplishment reports required for submission to DBM, Congress, COA and Key Management Officials.

The following are the regular programs/ activities accomplished by the CPMS for the year 2018 as compared to the same period of 2017:

PROGRAM/ PROJECT/ ACTIVITY	2018	2017
Facilitation of Corplan Workshop	<p>Corporate Planning Workshop with Team Building was held on February 21, 22 and 23 at Club Punta Fuego, Nasugbu, Batangas:</p> <ul style="list-style-type: none"> • Prepared Corplan program/ Corplan templates • Prepared/ drafted Special Order • Scouting of Corplan Venue and coordination with the Hotel Management • Conduct of Ocular Inspection and coordination with transport unit • Pre-Corplan Conference • Preparation of Corplan Facilitator's Certificate • Prepared Corplan kit • Conducted Team Building Activity 	<ul style="list-style-type: none"> • 1 Team Building conducted • Memoranda, Office Order, Guidelines Programme and Corplan Forms, Facilitator's Certificates prepared • Scouted Corplan Venue and coordinated with service provider • Conducted Ocular Inspection

3. The office has prepared 1 reply to COA Observation.

RECORDS DIVISION

The Records Division maintains a central records management for the Agency which includes paper works and records documentation, forms and correspondence, filing system, data storage and retrieval, records inventory and disposal of valueless records.

The following activities were accomplished for the year 2018 as compared to the same period of 2017:

ACTIVITY/PROJECT /PROGRAM	TARGET OUTPUT 2018	2018	2017
Received/ released, recorded and disseminated communications and issuances thru DTS	40, 080	810, 873	430, 792
Inventoried and documented (filed, indexed, retrieved and documented) of communications and issuances	60, 000	127, 227	134, 580
Inventoried, sorted valueless records	40, 000	477, 180	1, 916, 128
Digitalized records	60, 000	147, 121	195, 134

MMDA Special Projects

THE PASIG RIVER FERRY SERVICE

The objective of this office is to provide efficient, safe and continuous operations of ferry service along Pasig River as an alternative mode of transport to decongest traffic along EDSA.

The PRFS accomplished the following regular activities for the year 2018:

ACTIVITY/PROJECT /PROGRAM	2018
1. Smooth and efficient operations of the Pasig River Ferry Service <ul style="list-style-type: none"> • Passengers served • Boats deployed (Average) 	46, 822 2
2. Clearing and disposal of water hyacinth and garbage along the river <ul style="list-style-type: none"> • Volume of garbage/ water hyacinth 	5, 684. 8 cubic meter
3. Promotion of the ferry service as an alternative mode of transport <ul style="list-style-type: none"> • Requests for river tours/ briefings 	31 river tour briefings /conducted

*Increase in volume of water hyacinth collected due to the onset of the rainy season.

No report was submitted to this office for Annual 2017 hence, no comparison can be made.

UP CENTER COLLEGE FOR INTERNATIONAL STUDIES
(BATCH 3)

KUMAGAI GUMI CO.LTD

METRO MANILA CRISIS MONITORING and MANAGEMENT CENTER (MMCMC)

I. Flagship Projects

1. Incident Hazards Information and Warning Advisory:

- Sent a total of **two thousand four hundred seventy six (2,476)** various alert notification/messages on natural hazards and human induced hazards using Single Messaging System (SMS) through mobile phones.

2. Capacitated and Fully Equipped Network:

- Facilitated in the conduct of seminar entitled “Security Orientation and Counter Terrorism Measures and Trends” and Meeting of Members dated Jan. 31 – Feb. 1, 2018
- Prepared Notice of Meeting and proposed agenda for 3rd monthly meeting.
- Prepared After Meeting and Seminar reports.
- Sent letter of invitation to MMNAT members through e-mail, SMS, fax
- Updating of MMNAT members directory.
- Prepared Minutes of Meeting for Dec. 14, 2017, March 27, 2018
- Provided members with copies of MMC Resolution 17-13, series of 2017 (establishing Metro Manila Network Against Terrorism) and approved IRR of MMNAT dated October 10, 2017
- Daily Collection/Clippings of news/articles through reading of periodicals related to terrorist activities (total = 55)
- Prepared document for scheduled workshop and sent invitation to members through e-mail, SMS, and fax.
- Viber Group creation dated Feb. 28, 2018
- MMNAT Secretariat and Staff facilitated workshop entitled “Metro Manila Counter Terrorism Planning Workshop” dated Feb. 27 – 28, 2018
- Staff attended ERIC Meeting to have update of present situation affecting Metro Manila Head Secretariat briefed participants during the 92nd Transportation Security Coordinating Committee Conference during April 5, 2018

- Regular monitoring of messages at MMNAT Viber Group website
- MMNAT Secretariat and Staff facilitated the MNAT monthly meetings for month of April, May and June of 2018 MNAT monthly meeting
- Head and Staff attended Expanded Regional Intelligence Committee (ERIC) Meeting hosted by NICA dated June 14, 2018
- Prepared 2nd Quarter Intelligence Summary Report and submitted to OC through OAGMO
- Head Secretariat prepared reports to be presented by AGMO during MMC meeting dated June 21, 2018
- Prepared 1st Intelligence Summary Report on June 2018

II. Regular Activities

1. Regular Monitoring of Various Meteorological Websites & Flood Control Sites:

- Obtained hourly rainfall intensity from forty three (43) gauging stations of Weather link A.W.S.; wind and rain direction and amount of rain to occur from Windyty website, and DOST Climate Radar Results, PAGASA thunderstorms report and flash floods affecting Metro Manila and nearby provinces and notified to concerned MMDA District Operations Engineers, MMDA Officials, Directors, and Units' Heads
- Daily Watched Dams' water elevation, and if necessary notified concerned Metro Manila LGUs, MMDA Officials, Directors and MMDRRMC Response Cluster Leads and LGUs DRR-MOs
- Obtained hourly rainfall data from EFCOS Project seven (7) Rainfall Gauging stations and water level along eleven (11) gauging stations
- Obtained daily PAGASA Tide Elevation report

2. Regular Monitoring of Seismic Website

- Daily keep track of seismic activities (magnitude, depth, location, time) published at PHIVOLCS website of those earthquakes that generated with more than 5 Magnitude and above

3. Services Coordination Activity

- Conducted daily net call to MMDRRMC Response Cluster Leads, Disaster Risk Reduction and Management Office (DRRMO) or Disaster Operations Center of LGUs through emergency network
- Head attended 6th meeting of the Eq Resiliency Team dated Jan. 16, 2018
- Head invited to be part of panel discussion in the event JCI, World Trade Center Event on DRRM dated April 6, 2018
- Installed communication network and deployed staff as communication unit leaders during ADB 51st Annual Governor's meeting dated May 2-6, 2018
- Head briefed DFA officers and personnel during its Safety Assessment Program (SAP) for 2nd Quarter NSED on June 19, 2018
- Head presented Concept of 4th Metro Manila Shake Drill 2018 to stakeholders dated June 28, 2018
- Set up communication link and staff deployed as radio operators at established EOC of OCD during GENFEST activity for July 4-9, 2018
- Head oriented the Media and telecommunications group, etc. for the upcoming 4th Metro Manila Shake Drill 2018 on July 6, 2018
- Staff facilitated during MMNAT monthly meeting on July 12, 2018
- Staff facilitated during the 4th MM Shake Drill 2018 on July 19-20, 2018
- Unit was requested to establish communication link for SONA to MMDRRMC Response Cluster and LGUs; personnel were deployed as radio operators at QC DRRM Office and in front of Sandigan Bayan, QC on July 23, 2018

- Assisted in facilitating 8th MMNAT monthly meeting dated August 30, 2018
 - Unit was activated as EOC on which staff supported the MMDRRMC Response Cluster by way of intense monitoring during movement of typhoon “Ompong” dated September 14-15, 2018
 - Head was invited to be a resource speaker during the 27th Anniversary of the Association of Building Managers of Ortigas Center (ABMOCI) on September 21, 2018
 - Support in facilitating MMNAT 9th Regular Monthly Meeting on September 27, 2018
 - Sent e-mail to LGU DRRMOs to introduce ERIC Information Reporting System on line during EOC activation for typhoon “Ompong” dated September 14-15, 2018
 - Submitted comments regarding draft Department of Disaster Resilience (DDR) bill as requested
 - Staff reviewed 21 barangay entries to the contest K5: “Kilos sa Klima at Kalamidad tungo sa Kaligtasan at Kaunlaran”, hosted by EMB-DENR-NCR
 - Staff support in facilitating the activity on “Earthquake Focus Group Discussion for Metro Manila Contingency Planning” held at the Center dated November 6-8, 2018
 - Prepared Resource Inventory list as requested to the upcoming activity entitled “Palakat 2018” hosted by ATC
 - Coordination meetings with PAGASA and target bidder on the proposed project EWS and Staff met with FCSMO engineers to discuss proposed project Early Warning System (EWS)
 - Sent staff to attend MIAA tabletop exercise on bombing incident in the Airport complex on Nov. 27, 2018 and actual full-scale exercise of acts of unlawful interference on Dec. 4, 2018
 - Staff support in facilitating a write shop on Enhancement of Metro Yakal Plus and Harmonization of Contingency Plan for Earthquake
 - Head and Assistant heads visited the facility of Flood Control Asia RS, Inc. to demonstrate their product used for flood control measures dated Dec. 12, 2018
4. Educational Tour (Lakbay-Aral Program), exploration work and deliver lecture
- Provided lecture/orientation on office functions and mandated programs to a total of 4,240 students, visitors and researchers from 51 schools, colleges, universities, government and non-government organizations
5. Build Competencies and Skills
- ♦ The staff attended the following:
 - 1. Basic Incident Command System
 - 2. Basic Emergency Response Course (BERC)
 - 3. Disaster Management
 - 4. Weather Forecasting Orientation
 - 5. Gender Sensitivity Training
 - 6. PAGASA 107th Climate Outlook Forum
 - 7. Climate and Disaster Resilient
 - 8. ICS 2nd Level training
 - 9. 3rd DRRMO Workshop by PAGASA Automation of Flood Early Warning System for Disaster Mitigation in Metro Manila (EWS3 Project)

III. Other Activities

- Responded timely to queries, complaints and requests thru telephone calls, e-mails and radios regarding traffic, floods, accidents, natural disasters and other related issues concerning MMDA and relays them to concerned offices/ units
